## OUR HAT IS OFF TO THE FIRST NATIONAL BANK

A few days ago the First National Bank of Barbourville received ten Petigreed, Registered Red Duroc hogs. These are the best blood and finest hogs that have ever been brought to Knox County. The Bank bought these hogs from one of the best stock farms in Kentucky, and paid the highest price for them that has ever been paid for that number of hogs of their size in this county.

The Bank bought these fine stock hogs for the purpose of organizing "A Boy's Pig Club" of Knox County. These ten fine sows have been placed with ten farmer boys of Knox County, and each sow will bring a litter of pigs early in February, next. Each boy receiving one of these fine hogs enters into a contract with the Bank to take good care of the hog, and to produce the hogs when required, for exhibition purposes, and to give the bank two of the first litter of pigs, and the bank will distribute these pigs among other farmer boys, and enlarge the club membership, and in that way, within a year or two will have the County covered with these high classed hogs. The bank does not receive any pay for the hogs, and its purpose is to interest the farmer boys in the raising of high class stock. This bank realizes that the farmer is the chief source of wealth of the country, and that the hope of the Nation is to produce high class farmers, and to produce high class crops and good stock, and with this idea in mind, the bank has been giving a large cash premium each year for the best corn produced in Knox County. We trust that the farmers will take an interest in these hogs and show their appreciation of the bank's efforts to do something for the farmers of Knox County. We look upon this as one of the best things that has ever been introduced into the county, and when the people see this exhibit of fine hogs within the next year, they will have cause to thank the First National Bank for taking this step, and to congratulate the members of the Boys Pig Club for the interest they have shown in this matter. Of course there were only ten hogs and every boy, could not get one of these, but if this plan is carried out, in the course of a year or two, these hogs can be seen in all parts of the county. We take off our hats to the First National Bank, because of the Progressive ideas of its management, and because of the willingness of its officers and stockholders to share the profits of the bank with its customers and the people of Knox County.

This bank has had a wonderful growth in the last few years, and it deserves to grow, and it will continue to grow, so long as it follows its present policy. This is one of the very best banks in the State and the only "Roll of Honor" National Bank in South-eastern Kentucky.

Hon. James D. Black, of Barbourville

Who will be inaugurated Lieutenant Governor of Kentucky next Tuesday.

### INAUGURATION

Next Tuesday the 7th, will be a gala day for Frankfort, Ky. When the parade starts for the inauguration of Hon. A. O. Stanley, Governor, and Hon. James Dixon Black, Lieutenant Governor of the proud old State of Kentucky, with the strains of music furnished by the various brass bands that will heap the many different organizations that will take part in this ceremony.

We the people of the Mountains will for the first time in the history of the State have a man to preside over the Senate, and act as Governor of the Commonwealth when the Governor is absent, and in the person of James D. Black at the head of the law making power, we can rest assured that there will be laws enacted at the next session that will redound to the honor of our illustrious son and Statesman who led the Democratic Ticket by such a majority as he did.

The House and Senate will be called to order the first Monday in January, and we are sure that we will be well represented and have no fears as to the result for we know that our interest will be well safeguarded.

### Accidentally Killed Herself

On last Thursday the 25th, Mrs. Axie wife of James Baker, who lives on Middlefork of Richland Creek, shot herself with a shot-gun and died instantly.

It is not known whether it was purely accidental or not, but the Coroners Jury returned such a verdict.

Mrs. Baker was about 36 years old, was the mother of one daughter, who is about 16 years old; she is a granddaughter of the late James Davis, who once lived near Bailey's Switch.

The body was viewed by J. E. Dozier, Coroner of Knox County and she was buried in the burying ground near J. M. Doziers, Friday, the 26th.

### Serious Accident

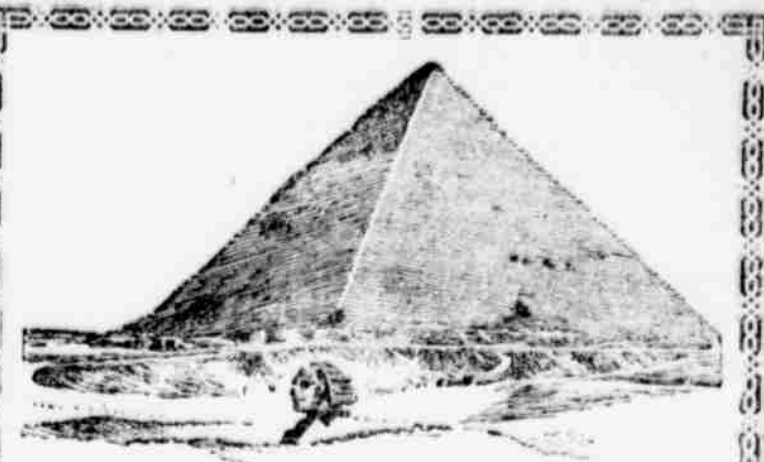

On last Thursday night there was a game of basket ball played by the school children of this city against the Pineville, Team, and as the young folks were returning from Pineville, young Shelby Blackburn was swinging out from off the steps on Passenger train No. 24 North bound, about a mile South of Artemus, and was struck against the sides of a cattle guard and his leg was almost severed from the body, cutting it about 10 or 11 inches, he was brought to the home of his father, Rev. J. H. Blackburn, where every care is taken with him, we hope that Shelby will soon recover, he is a fine young man, and is missed by his companions.

We learn as we go to press that Shelby Blackburn will have to undergo an operation, and his leg will have to be amputated at the hip joint, to save his life, and then it may be a doubtful case.

The Ladies of the First M. E. Church, will hold their bazar in the house formerly occupied by the Hown Drug Store. On the second day an appetizing luncheon consisting of many good things to eat will be served, and only 25c. Also there will be ices and home made candies. December, 14, and 15.

### FEELS NO NEED OF DIETING NOW

**J. W. Dougherty Says He Eats  
All He Wants Since He Be-  
gan Taking Tanlac.**

Louisville, Ky., Dec. 2, 1915. Among those who have tested the value of Tanlac, the premier preparation, and who are loud in its praise, is J. W. Dougherty, of 2111 West Market street, this city. He is widely known in Louisville. Recently he said:

"For a long time I had been a sufferer from catarrh an stomach trouble. I had no appetite to speak of. Every morning I got up, it seemed to me, feeling worse than I had the day before. I was all choked up, and what sleep I got seemed to do me no good. I tried dieting, but that did not help. My condition got worse instead of better.

"Friends urged me to give Tanlac a trial, and finally I did. It was remarkable how quickly it helped me. My appetite improved. It wasn't a question of dieting any longer—I ate all I wanted and I wanted a lot. I began sleeping soundly. I have gained strength and weight."

Many others suffering from catarrh have found relief in Tanlac, just as Mr. Dougherty did. They have made public statements like his in praise of this peerless remedy.

Tanlac is now being sold in Barbourville, at The Herndon Drug Co's drug store. advt.

## INDORSES GOOD RECORD

**Middlesboro Paper, Says  
Judge Sampson's Record  
Entitles Him to Eleva-  
tion to Court of  
Appeals.**

It is pleasant to hear a neighbor say something nice about a neighbor. The Pinnacle News of Middlesboro, of November 23rd contains the following:

The Pinnacle News is in receipt of a marked copy of The Mountain Advocate, advocating its townsman, Judge Flem Sampson for Appellate Judge and expostulating to a certain extent upon the merits of the Judge, which in our opinion is alright, but the editor, is like the news of Solomon's glory, which reached the Queen of Sheba, the half has not been told. Our personal observation of Judge Sampson's record in office convinces us if there is a Judge in all Kentucky, who has sincerely undertaken to do his full duty upon the bench who has undertaken, within the law, to bring to his office the dignity it deserves and to teach the people law is law, whether it be buying votes in election, arson or murder and in his firmness enforcing it to the real letter, it is the Judge of the Knox Circuit Court. And if a stewardship of that kind does not entitle him to promotion we don't know what would.

Children take BALLARD'S HOREHOUND SYRUP willingly because it tastes nice. There isn't a better remedy anywhere for children's coughs, hoarseness and bronchitis. It's a good medicine and easy to take. Price 25c, 50c and \$1.00 per bottle. Sold by

### Ladies Aid Observes Annual Meeting.

The Ladies' Aid, of the M. E. Church, were invited to observe their Annual Thanksgiving and "Dollar Social" with Mrs. Robert Cornet at her home on North Main street Friday afternoon, November 26, 1915. Regardless of the inclemency of the weather a large crowd was present.

The regular routine of business was dispensed with, and the hostess took charge of the meeting; she put a table in the center of the large sitting room and placed a beautiful china basket on it, then requested each member present, beginning with the President, to put their offering in the basket and tell those present in what way she earned the offering; several novel and unique methods were employed, some of the ladies put in double the amount required.

In the absence of the Treasurer the Secretary was asked to come forward and count the contents, now that was a good sized basket, my! how the ladies laughed when the amount was given, truly it was a "Thanksgiving Meeting." After adjournment a splendid salad course was served, followed with hot chocolate, whipped cream and assorted cakes. Every body had a good time and parted with the wish that our religious fervor grow stronger each succeeding year.

Deep-seated coughs that resist ordinary remedies require both external and internal treatment. If you buy a dollar bottle of BALLARD'S HOREHOUND SYRUP you get the two remedies you need for the price of one. There is a HERRICK'S RED PEPPER POROUS PLASTER for the chest, free with each bottle.
